Clear
climbing
on
new
playground
gives
**Tony
(Explorers)**
a
window
view.

New bar is basically the same as a gymnastics balance beam
but the playground is more slippery says **Yahli** (**Adventure Club**).

John (Discovery Club): duck, **Madeline (Discovery Club)**: moose
Leon (Explorers): me and my shadow.

Keenan (**Discovery Club**): Beach? No. Ball? Yes.

Rylan (**Adventure Club**): solo skyscraper.
Ishaan (**Explorers**): bounce in his step.

Joseph (**Explorers**): keeping track of a long train.

Chloe (**Explorers**) stretches slime…
…**Isabella** (**Adventure Club**) inflates. "It comes from a different planet."

Luca (**Discovery Club**): "Octopus Hideout" scratch art.

Explorers, Discovery Club, Adventure Club: cosmic collage.

Andrew (Discovery Club), **Satoshi (Adventure Club)**: Brawl Stars cards.
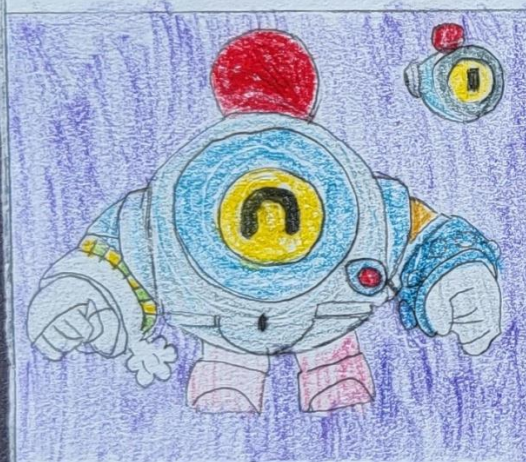

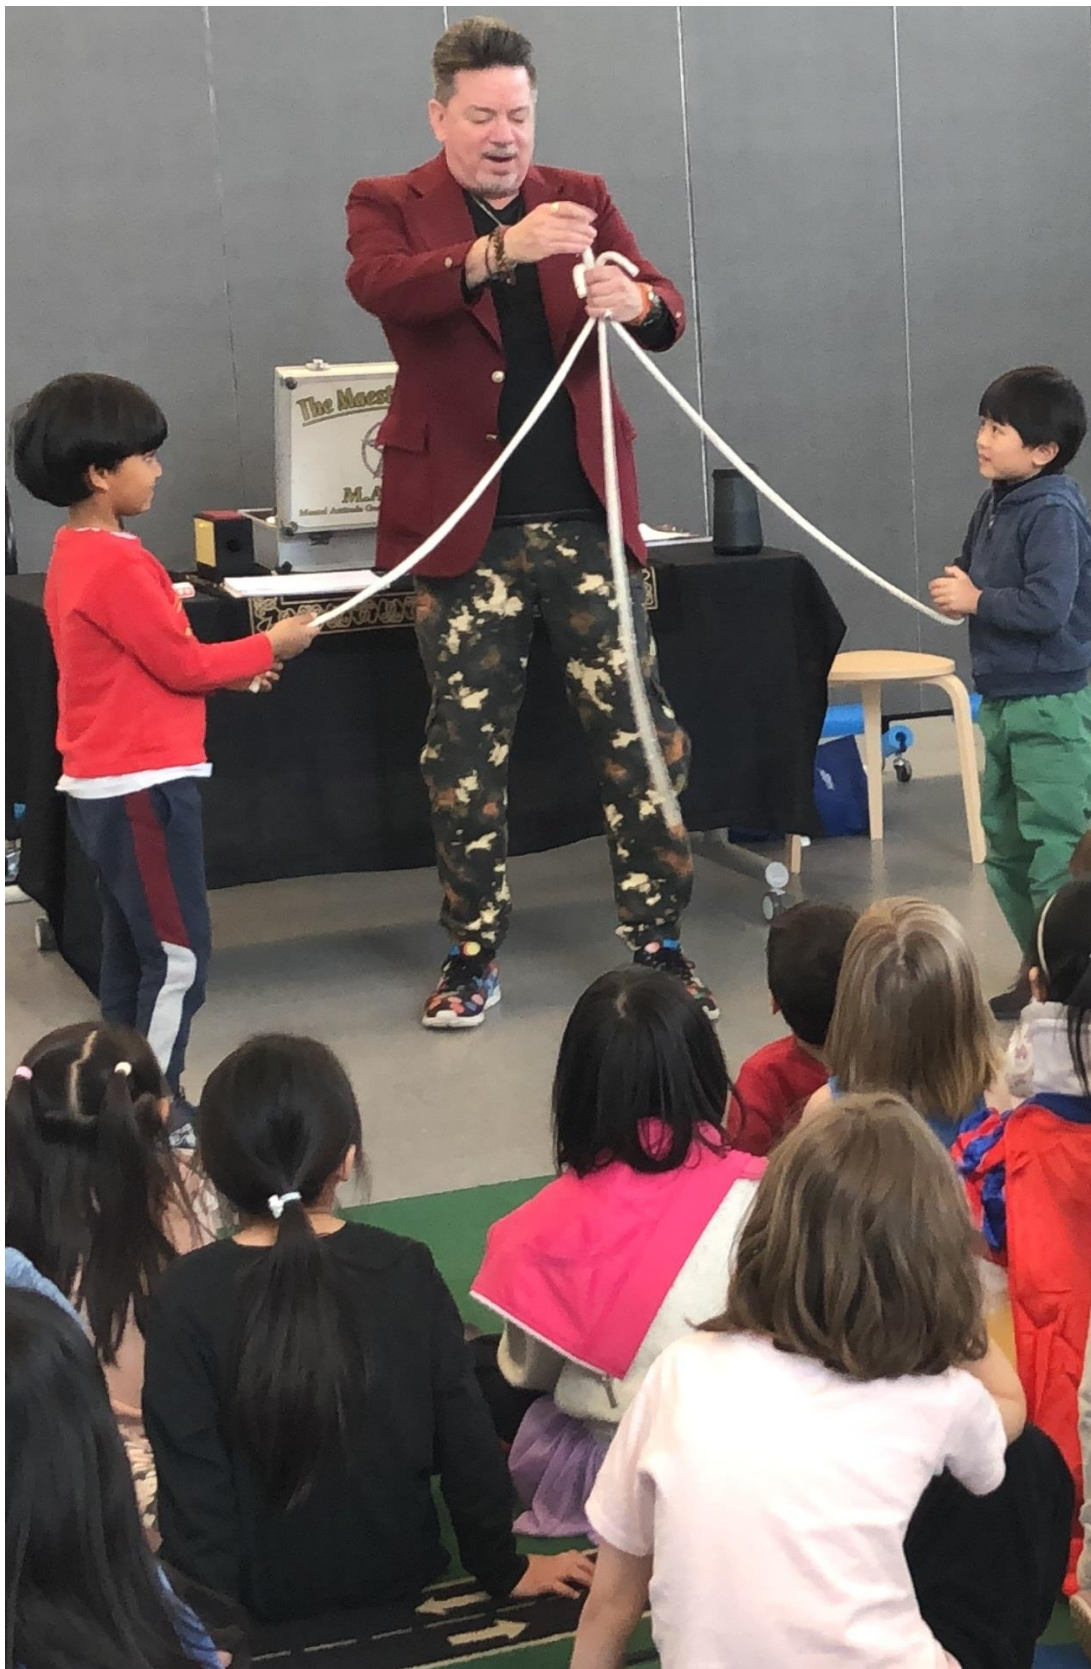

The Maestro of Magic had three ropes of different length.
He turned them into three ropes of the same length…
…into one long rope…into one rope circle. Not a knot.
Assistants: **Sadew** (**Explorers**) left; **Muen** (**Explorers**).

Walking the dog

A stroll at 1338 West 67th Avenue in April 2024 revealed:

 The old two-piece ping pong boards did not come to the new school. No storage space for them. But the sport is also called table tennis. So now that the rest of our furniture has arrived, we can put two tables end-to-end, add the net, hand out paddles and a ball and say, "game on". Now serving, tables for two.

 Octy and Violet were married in a double-ring yellow flower ceremony. The stuffies wed one week after meeting at **Discovery Club**. "I do" done.

 Explorers dance party was "freezing". How cool is that?

 2017: The new intermediate playground opens for the grades 4 to 7 crowd. Those younger must wait until after school to try the new fangled fun.
 2024: The new primary playground opens for the kindergarten to grade 3 crowd. Those older must wait until after school to try the new fangled fun.
 What goes around comes around for everyone who runs around.

Photo: **Marcus** (**Discovery Club**): Static electricity. Balloon bonds beside brain.
