

Welcome to **Safe Base**

Information to share with your child

Safe Base is for youth who are 11 to 13 years old. They meet in the portable facing the DLG basketball court.

Safe Base is a transition option while you continue to build the skills to handle the independence that comes with getting older. The program promotes leadership experience, accountability, independence, responsibility and freedom to make good choices.

Safe Base and Adventure Club children share some of the same play space. You should also read **Welcome to Adventure Club** as Safe Base is a continuation of skills learned in that program.

Types of activities that Safe Base members help to organize are:

- * workshops on topics such as bullying, substance abuse, Internet use
- * fundraisers such as bake sales and dances
- * fieldtrips in the community and around the city

If you have a cell phone we recommend connections to parents, police and Safe Base 604-261-6612. It is a safe place to hang out when you feel threatened, bullied, scared or uncomfortable.
